

WHAT IS CDPAP?

The Consumer Directed Personal Assistance Program is a Medicaid-funded home care program in which an individual with Medicaid (Consumer) can hire a loved one to be their caregiver (Personal Assistant). The caregiver can be a family member, friend, or neighbor. This program's mission is to promote independence, privacy, peace of mind, and empowerment for the Consumer and their family.

WHY DO CONSUMERS/FAMILIES LOVE CDPAP?

Scope of practice includes skilled nursing tasks like medication administration, wound care, tracheotomy care, feeding tube, ostomy care, etc.

Consumers can adjust schedules each week to fit their unique needs.

Consumer exercises greater independence & autonomy!

Parents can get paid to be caregivers for their adult children (child must be over 21 years old).

The consumer feels empowered.

HOW TO GET STARTED:

- Individuals must apply and become approved for Medicaid.
- Call NYIA: (1-855-222-8350) to schedule an assessment to deem if the individual is appropriate for community-based home care services.
- If approved, a second assessment is conducted to deem how many hours will be approved for the individual.
- Enroll with a CDPAP Home Care Agency like Community Care.

Caregivers in this program will receive:

- Competitive Wages
- 401k
- Health Benefits
- Paid Time Off (Vacation Pay)
- Exclusive Discounts through our Employee Perks Program on items like childcare, motor vehicle purchases, electronics, theme park tickets, etc.
- Weekly Pay
